

Supply Chain Security Policy

供应链安全方针

CTS is committed to providing the highest standards of security to protect its clients' goods while under its care. CTS provide a secure environment in which clients can have confidence that their goods and information are securely managed.

CTS 致力于提供安全的最高标准，以保护其客户的货物。CTS 提供安全的环境，以便使客户有信心其货物和信息能得到安全的管理。

CTS ensures that all products are received, stored, kitted, prepared and loaded in secure business premises and in secure loading areas. In addition the products are protected against unauthorised interference at all times.

CTS 确保所有产品在安全的情况下接收，储存，组装，打包和装卸。此外，该产品在任何情况下有被保护以防御非法干扰。

The management system is formally reviewed annually by the management team with the objective of assessing its performance and of achieving ongoing continual improvement. This review incorporates the Risk Assessment process. To support this security management system, objectives are established and agreed.

管理小组应每年做正式审核，审核包括绩效目标评估和持续改善情况。这项审核被纳入了风险评估程序。为支持安全管理体系,要建立并商定目标。

CTS is committed to adhering to its documented security management objectives as well as all relevant legislation, regulatory and statutory requirements.

CTS 遵守安全管理目标，以及所有相关法例，法规和法定要求。

This policy is made available to all employees and clients.

此方针适用于所有的员工和客户。
